EXPANESTHETICS COMPLETES \$1.3M GENERAL SOLICITATION AND \$445K PRIVATE OFFERING

Davis, California (March 1, 2019) – Northern California pharmaceutical company Expanesthetics ended its most recent general solicitation offering after raising over \$1.3 million in addition to a \$445 thousand offering to existing shareholders. This brings Expanesthetics' total capital raised to date to about \$5.5M. Expanesthetics is the global leader in the search for improved inhaled general anesthetics, and also has a program developing non-opioid pain relievers. It will use the funding to advance the company's R&D and business development initiatives.

ABOUT EXPANESTHETICS: Davis, California-based Expanesthetics, Inc. is using recent scientific discoveries to search for new inhaled anesthetics that lack the negative side effects of currently available drugs. The company seeks to transform the multibillion-dollar global anesthetic market and bring surgery within reach for some of the 5 billion people around the world who lack it today. The company is also developing non-opioid analgesics.
